FEMA Disclaimer: The hardcopy FIRMs and DFIRMs and the accompanying FIBs are the official designation of Special Flood Hazard Areas (SFHAs) and Base Flood Elevations (BFEs) for the NFIP. For the purposes of the NFIP, changes to the flood risk information published by FEMA may only be performed by FEMA and through the mechanisms established in the NFIP regulations (44 CFR Parts 59.76). These digital data are produced in conjunction with the hardcopy FIRMs and generally match the hardcopy map exactly. However, the hardcopy flood maps and flood profiles are the authoritative documents for the NFIP. Please contact FEMA if any discrepancies with this data are present.
